MARTY CHRISTIAN

UNDERGROUND BLUES

Originally from Cleveland, OH, Marty Christian first started to perform his barebones style of soulful acoustic Blues across Southwest Louisiana and Texas in 2001.

His first collection of original material, *Bluesicana* was released in 2006.

Now with his second CD, *Underground Blues* (2009), an acoustic collection of Delta inspired originals, Marty continues to hone his original blend of acoustic Blues improvisations with traditional roots.

Together with fellow Henry Gray and the Cats band member, Andy Cornett, (who plays Harmonica on two tracks) Christian performs regularly in the South and beyond.

honoring the great Blues masters who came before – not in repetition

but in continuing their

tradition of blending the old sounds with new ones – making songs that can never really be repeated from show to show.
